## **ANALYSER**

EXPLORE THE SOURCE  
OF YOUR CLIENTS SKIN PROBLEMS.

The effectiveness of chosen treatment, cosmetics or skin care methods strongly depends on the knowledge of the skin condition and the source of its problems. Mila D'Opiz Analyser is a modern system for skin diagnosis that has a wide range of use.

### **ALLOWS TO ESTABLISH THE SKIN CONDITION ACCORDING TO 8 PARAMETERS:**

- skin structure
- sebum level
- exfoliation level
- pores size
- the width of wrinkles
- discoloration
- vessels
- hydration level

## HEALTH AND CHARM

### FOR BEAUTY SALONS

Nati analyser is a perfect tool for beauty salons, where every day professional beauticians take good care of look and comfort of their clients. The skin analysis allows you to pick the proper treatment and cosmetics individually for each client.

### FOR SPA RESORTS

Each opportunity to enrich your knowledge of skin needs should be exploited and supported by the places that value beauty and health the most. The complete examination of the skin will help you in caring for your clients in the best possible way with respect to all 8 parameters that give you a full information of their skin type.

### FOR DERMATOLOGISTS

Give your patients a chance to look closer at the structure of their skin. Indicate those areas that need special treatment and care. Suggest the best solution and pick the best medical treatment.

# SKIN ANALYSIS

EXPLORE THE SOURCE  
OF YOUR CLIENTS SKIN PROBLEMS.

treatment in your salon really works as well. It results in full trust of your clients that are more aware of their skin needs and how to take good care of it.
